ECCI ESPERANCE EXPRESS COLUMN – 28/11/2016

The Esperance Chamber of Commerce and Industry (ECCI) aims to create an environment in which local businesses can thrive.

We do this through acting as a 'voice' for local business at Local, Regional, Statewide and Federal Levels. We also work locally to disseminate information to local businesses that can help them to grow their customer base and we facilitate and deliver local events and training that promote networking and skill development to enhance business services.

Did you know you can become an individual member / supporter of the ECCI for only \$99 per year? Membership provides you with access to benefits including receiving weekly newsletter updates about upcoming events and invitations to attend monthly Business After Hours functions that provide an opportunity to meet and network with local business representatives.

There are also several other membership and sponsorship options that include benefits such as access to the Chamber of Commerce and Industry WA 'Employee Relations Advice Centre' (ERAC) that provides information and support about Human and Employee Relations. If you would like more information about membership or sponsorship opportunities, please contact the ECCI at ceo@esperancecci.com.au or call on 9071 5142.

The ECCI would like to hear from our members and our non-members to find out more about issues that impact on local businesses and to help us identify our priorities for 2017 and beyond. If you could please take some time to contact us to answer a few questions this will help us to help local business.

Every business that provides responses and their contact details to the ECCI will be eligible to win our Survey Prize which is a Samsung Galaxy Tablet. The Prize will be drawn at the ECCI Executive Committee Meeting in February 2017.

If you would like to receive an electronic copy of the survey, please email the ECCI at admin@esperancecci.com.au

You can also find a copy of the survey on our Facebook Page <https://www.facebook.com/esperancecci>
