10 July 2015

The ECCI is pleased to announce the finalists of this year's Telstra Best Customer Service Business and the Telstra Best Customer Service Individual awards.

Tori Castledine, ECCI Corporate Manager, said that the finalists stemmed for the ECCI's Customer Service of the Month programme.

"The finalists in the Best Customer Service Individual category were all recipients of our Customer Service of the Month award, while the finalists in the Business category were continually nominated through this programme," Ms Castledine said.

"All the finalists should be very proud of their achievements, they have been nominated by the public who have received excellent customer service from them."
