

Business Tools at your fingertips..

Understanding your business is the basis of business success!

This workshop will provide you with some useful tips that can help grow your business through structured and timely planning.

The workshop will provide marketing tips, financial reporting tips to enable you as a business owner to make decisions that are based on hard evidence and facts.

The workshop will provide you with samples including worksheet templates and tips for how to make these relevant for and specific to your business.

Business Local is a **FREE** service for new and existing businesses. We provide free, confidential and practical assistance on a wide range of business related issues.

Call Shane Reilly, Esperance Business Advisor, on 9071 5142 for more information.
