

ESPERANCE ANGLICAN COMMUNITY SCHOOL

Big Picture: A new learning opportunity

Big Picture Information Night

Date: Monday 27 November | **Time:** 5.30pm

Venue: 5 Griffin Street, West Beach

Register your interest at www.eacs.wa.edu.au/bigpicture

What is the Big Picture Advantage?

The Big Picture is a personalised approach to education that combines academic work with real-world learning. Focusing on one student at a time, Big Picture supports students to create a personalised learning plan based on their own passions and interests.

- Educates each student according to their interests, talents and abilities.
- Supports young people to become life-long learners and productive members of their communities.
- Develops independence and organisational skills.
- Provides an alternative pathway to further education, training or employment.
- Promotes a genuine, meaningful and enjoyable learning experience.

One student at a time in a community of learners
