ABOUT US

The Esperance Chamber of Commerce and Industry (ECCI) is a not-for-profit organisation, working as the voice of private enterprise in Esperance.

The Chamber's mission is to help cultivate an environment in the Esperance region where businesses, new or existing, can thrive.

As the peak representative body of the Esperance business community the ECCI lobbies on its behalf, ensuring that the business community in Esperance has a strong and respected voice.

The ECCI liaises with federal, state and local governments and lobbies them on behalf of the Esperance Business Community in order to represent the interests of our members. The ECCI also works collaboratively with other organisations with the aim of advancing the needs of the business community in Esperance.

A thriving local business community benefits the whole of Esperance, and the ECCI takes seriously its mission to cultivate that environment.

The ECCI is affiliated with the Chamber of Commerce and Industry Western Australia and is an active member of the Regional Chambers of Commerce and Industry Western Australia.

LUNCH WITH...

These monthly networking events are very popular, and continue to provide a friendly and relaxed environment to create new, and strengthen existing business relationships. Hosted by a different business each month, these functions are an excellent opportunity to showcase your business.
