Was OTH of benefit to your business?

Please tell us why?

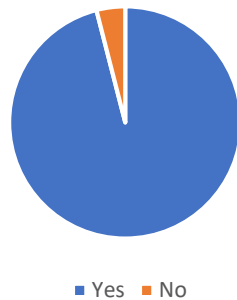

- Wider publicity about Big Picture to potential employees and mentors
- Good networking opportunity, Great information presented
- Met with potential new customers and learnt with direction some companies are heading
- Well focused on local
- New info
- Latest technology advances, Insight to the future of Esperance
- Keep up to date with developments in the region
- Good to present myself as a point of contact for nbn, great contacts
- Great range of speakers with a variety of topics
- Unsure how it will benefit at this stage but good to hear about what's over the horizon
- Being more informed on what is happening in the region and its future is beneficial when visitors ask questions
- Networking
- Informative and diverse
- Not my business specifically but it helps knowing what's happening in Esperance, so I can discuss with people I speak to in the business environment

- Meeting key stakeholders
- Learn about what's happening in the region
- No real information on future forecasts on Esperance development. Info was interesting but not relevant to growth / decline of Esperance
- Increased contacts, networking, relevant information
- Great information regarding long term projects
- Networking
- Met new contacts, new ideas resulted from presentations

Comments and Suggestions:

- Perhaps ensure a local business that has tried could present to tell us the reasons for its success
- Disappointing that speakers, politicians, shire representatives leave early, not interested in other speakers
- Another good job but the constant struggle is how do you keep it fresh? Make sure it's not on a sitting day.
- Great event

- Great day, very positive speakers and crowd, roll on!! More tourism speakers and maybe more small business training providers
- Regular attendee
- Well organised event, great representation of Esperance businesses
- Presenters were really good this year, on target and positive. Try more sustainable practices – use glasses and jugs instead of water bottles, real cups etc. Speakers need a table with a glass of water on it. Very smoothly organised, job well done
- Need to attract more Esperance people to attend, not just target businesses
- More opportunity for local businesses to contribute / participate in the event – keen for Banksia Medical to join in for 2019
- Keep them going as they present such useful information about the region and development
- Great food
- Have a Barista Coffee Service in the morning, better catering for specified dietary requirements
- Coffee van!! More resources industry perspective, and what's OVER THE HORIZON!! Catering seemed limited this year?
- Was good but sadly your ticket organiser forgot I was coming. Would be good to have something savoury for morning tea and not all sweet
- Would like to see a slide of what they do in Esperance
- Keep doing this
