

# Home & Lifestyle Expo

8 and 9 April 2016, Esperance Indoor Sports Stadium

## Stallholders Booking Form

The inaugural Home and Lifestyle Expo, held in 2014, was such a success we knew we had to host another one! Over 1000 people visited the Expo, which was designed to show the public everything they need if they're building, buying or renovating their home can be found right here in Esperance. The 2014 Expo included more than 45 displays from a huge range of businesses involved in the building, construction, housing and lifestyle industry.

Planning is underway for the 2016 Expo, which will be held from 3pm to 8pm on Friday 8 April, and from 9am to 3pm on Saturday 9 April. Once again, the Expo will be targeted at people who are looking at building, buying or renovating in Esperance, or those interested in new leisure activities.

We are inviting any local businesses within the housing and lifestyle (e.g. camper trailers, boats, tents etc) industries to have a stall at the Expo, to show the people of Esperance that everything they need to create a home can be located locally.

This is a great opportunity for you to promote your business, and to show your support of the local housing and lifestyle industry.
