

## NEW BUSINESS OF THE YEAR

### ESPERANCE RECOVERY AND WELLNESS CENTRE

Esperance Recovery and Wellness Centre (ERWC) genuinely wanted to bring this wellness service to the people of Esperance, that until now has been out of reach for so many, due to the time and cost factor of travelling to Perth. ERWC want regional people to have access to the same treatment options as our city friends and they are extremely passionate about Hyperbaric Oxygen Therapy (HBOT), which is a treatment which enhances the body's natural healing process by inhalation of 100% oxygen in a total body chamber, where atmospheric pressure is increased and controlled. HBOT involves breathing pure oxygen in a pressurised chamber, approximately 3 times higher than normal air pressure. Under these conditions the lungs gather much more oxygen than they normally would.

Under normal circumstances, oxygen is transported throughout the body only by red blood cells. With HBOT, oxygen is dissolved into all of the body's fluids, the plasma, the central nervous system fluids, the lymph, and the bone and can be carried to areas where circulation is diminished or blocked. In this way, extra oxygen can reach all of the damaged tissues and the body can support its own healing process. The increased oxygen greatly enhances the ability of white blood cells to kill bacteria, reduces swelling and allows new blood vessels to grow more rapidly into the affected areas. It is a simple, non-invasive and painless treatment.

HBOT can be used to treat a substantial number of conditions, including but not limited to: can, ADD/ADHD, allergies, altitude sickness, Alzheimer's, asthma, Autism, and autoimmune disease. HBOT can also deliver a diverse range of general health and wellbeing benefits including: alertness, reduced cellulite, collagen matrix formation (tissue healing), general healing and counters ageing.

Esperance Recovery & Wellness Centre currently offers two additional on-site services at their Esperance treatment centre including Smooth Skin Cosmetic Injectables and Feather Touch Brows Esperance.

Smooth Skin Cosmetic Injectables Practitioner De-arne Bennier RN offers an Esperance based service, specialising in high quality dermal relaxants and fillers. A wide range of fillers are available for Frown lines, Squint lines, Forehead lines, Upper lip lines, Cheek fillers, and Mouth Augmentation.
